

BFL2010

Fibre Metal Cutting Laser

boxford

A range of metal cutting fibre laser systems built to Boxford specifications. Our high precision metal cutting fibre lasers are ideally suited to all kinds of training, prototyping and low to medium volume manufacturing applications.

**Materials which can be
fibre laser processed:**

Mild steel
Stainless steel
Aluminium
Anodised aluminium
Zintec
Galvanised steel
Brass
Shim steel
and more...

Boxford Fibre metal cutting lasers include:

- Fully enclosed system for optimal fume and debris management
- Rigid construction and motion system incorporating high quality Taiwanese linear guide rails and racks, together with Japanese servo drives, allowing speeds of up to 40 metres per minute to be achieved
- Integrated PC control system
- Automatic head focus system for automatically adjusting focal length
- Automatic capacitive height control system for optimal cutting
- Integrated red dot beam pointer for plate location/orientation and program dry run
- Superior fibre laser with up to 100,000 hours life span
- Integrated cutting table with removable slats and material recovery tray
- Optional Boxford supplied extraction system, which is IFA certified and meets the highest testing level (W3), facilitating the extraction of fumes from high alloy steels with over 30% chromium and nickel content

Mounting	Floor	Floor	Floor
Safety	Class 2 closed configuration	Class 2 closed configuration	Class 2 closed configuration
Operating modes	Cutting Surface etching	Cutting Surface etching	Cutting Surface etching
Compressed air requirements	6.0 bar @ 420 l/min Low pressure compressed air cutting - 6.9 bar @ 650 l/min High pressure compressed air cutting - 18 bar @ 1100 l/min		
Overall footprint (with extract & ducting)	Extractor at side - 3100x3400mm Extractor at rear - 2100x4400mm		
Power requirements	380V 3ph @ 32A	380V 3ph @ 32A	380V 3ph @ 32A

¹ with oxygen gas ² with nitrogen gas ³ with 6 bar compressed air

Included accessories:

- Auto focus laser head as standard
- Wireless operator keypad
- Wireless keyboard and mouse
- Pull out table to assist with sheet loading
- Chiller based laser source cooling system
- Full day on-site UK mainland training
- Warranty - 2 years (excluding consumable items such as: cutting tips, lens protective glass, support slats and extraction filters)

Optional accessories:

- Bespoke downdraught fume extraction/ air filtration system
- Stand alone compressor for facilitating low pressure non-gas cutting and extraction
- High pressure compressor for non-gas cutting of thick materials
- Additional cutting head consumables (cutting tips, lens protective glass, etc)
- Set of replacement filters for extraction/ air filtration system
